

MODEL PAPER
MENTAL ARITHMETIC - LEVEL - 6

A grid of 28 identical, empty, vertical pill-shaped containers arranged in four rows of seven. Each container is a rounded rectangle with a small semi-circular base. The containers are numbered 1 through 28 in a sequential order from left to right, top to bottom. The numbers are placed in small black circles at the top left of each container. The containers are intended for a coloring activity.
